

Clément HERSENT

PROFILE

I am a 27-year-old resident currently in my eighth rotation in Medical Biology at the University Hospital of Montpellier. I have a strong passion for both the natural and formal sciences, with a particular interest in genetics. I plan to further specialize in this field by pursuing an Assistant Hospital–University (AHU) position while simultaneously carrying out my PhD research.

CONTACT DETAILS

+33 (0)6 21 57 15 30

34 rue de la Méditerranée, 34070 MONTPELLIER

PERSONAL INFORMATION

Citizenship: France

Family: In a relationship without children

Languages: French (native), English (B2), Spanish (A2)

SKILLS

- Bioinformatics and genome interpretation (R, Python)
- Molecular biology techniques
- Teaching and academic training
- Advanced Microsoft Office
- Communication and teamwork

EXPERIENCE

MEDICAL BIOLOGY RESIDENT (INTERN) CHU de Montpellier, France **2021–pres.**

◊ Clinical rotations in Biochemistry, Bacteriology, Hematology, and Genetics. Active participation in routine diagnostics and patient case discussions. Research at the Clinical Investigation Center (teams of Prof. Koenig and Prof. Cossée, IURC) with focus on genome interpretation, variant analysis, and bioinformatics (R, Python).

RESEARCH INTERN (M2) PhyMedExp, Team 5, Montpellier, France **2023–2024**

◊ Investigation of splicing factors and their role in intronic mutations identified by exome/genome sequencing. Combination of wet-lab molecular biology and computational approaches.

RESEARCH INTERN (M1) Hydroscience Laboratory, Montpellier, France **2022**

◊ Genomic characterization of opportunistic waterborne bacterial isolates using next-generation sequencing and comparative genomics.

TEACHING TUTOR (CHEMISTRY/BIOCHEMISTRY) University of Montpellier **2017–2019**

◊ Qualified tutor; courses and exam prep for PACES students. Developed teaching materials and supervised small-group tutorials.

OTHER WORK EXPERIENCE France **2012–2020**

◊ Community pharmacy assistant (dispensing, stock handling), delivery rider (Deliveroo, Domino's), seasonal agricultural work (farm machinery, cattle milking).

EDUCATION

DES IN MEDICAL BIOLOGY CHU de Montpellier **2021–pres.**

MSc IN HEALTH BIOLOGY (EPIGENBIO) University of Montpellier **2023–2024**

◊ Epigenetics, Genetics and Cell Biology. Ranked 2nd/13.

PHARMD / DFASP2 University of Montpellier **2021**

◊ Thesis defended with highest honors (*mention très bien, félicitations du jury*).

NATIONAL PHARMACY RESIDENCY EXAM France **2021**

◊ Ranked 37th/1303.

PACES ADMISSION University of Montpellier **2017**

◊ Ranked 39th/1006.

SCIENTIFIC BACCALAURÉAT (MATHEMATICS) Lycée Jacques Prévert, Saint-Christol-lès-Alès **2016**

HOBIES

◊ Guitar (8 years, Conservatory of Alès), endurance sports (running, cycling, swimming), paragliding (licensed), scuba diving (certified).
